DRIVER CPC TRAINING COURSES

WHAT IS IT?

Most drivers who wish to use their LGV or PCV vocational driving licence professionally are required by law to hold a valid Driver CPC qualification.

Both the driver and the operator they work for are at risk of fines and other penalties for not holding the qualification when driving commercial vehicles.

WHO SHOULD ATTEND?

Holders of vocational lorry (category C1, C1E, C and CE) and/or bus (category D1, D1E, D and DE) licences are required by the regulations to complete 35 hours of periodic training every 5 years.

Our Driver CPC courses cover a wide range of subjects so that drivers can improve or add to their existing knowledge and skills, develop professionally and remain safe and legally compliant.

A recommended best practise is to complete 1 day (7 hours) of training per year so that drivers may be regularly kept up to date.
